

WORK OF CONGRESS

The Postoffice Appropriation Bill Passed.

MILLIONS FOR THE MAILS

Mr. Henry Not Permitted to Repeat in R. Section Against the People of the South. Mr. Simpson Bitterly Assaulted.

(By Telegraph.)

WASHINGTON, D. C., March 19.—The House today passed the postoffice appropriation bill, which it had previously passed on Monday. The bill provides for the postoffice and mail service for the fiscal year ending June 30, 1920. It contains a total of \$10,000,000 for the postoffice and mail service, and \$1,000,000 for the purchase of mail matter. The bill also provides for the purchase of mail matter for the fiscal year ending June 30, 1920. The bill was passed by a vote of 249 to 171.

At the opening of the session of the House today Mr. Dingey, the floor leader of the majority, offered the bill for the postoffice and mail service. He said that the bill was a measure of economy and efficiency, and that it was a measure of the people's money. He said that the bill was a measure of the people's money, and that it was a measure of the people's money.

Mr. Henry (Democrat) of Mississippi, claimed the floor as a question of personal privilege, and said to the clerk to read the bill. He said that the bill was a measure of the people's money, and that it was a measure of the people's money.

Before the reading of the bill, Mr. Henry made the point that it did not constitute a question of personal privilege. He said that the bill was a measure of the people's money, and that it was a measure of the people's money.

"It contains a reflection against a portion of the people of the United States," said Mr. Henry. He said that the bill was a measure of the people's money, and that it was a measure of the people's money.

But the speaker held that he had not presented a question of privilege, and he was taken off the floor. He said that the bill was a measure of the people's money, and that it was a measure of the people's money.

The paragraph of the postoffice appropriation bill appropriating \$17,225 for special mail facilities from New York and Washington to Atlanta and New Orleans precipitated the conflict against this appropriation. Mr. Brownell (Republican) of Ohio, moved to strike it out. This appropriation was considered in connection with a similar appropriation of \$25,000 for special facilities from Kansas City to Newton, Kas. The debate upon both paragraphs was limited by agreement to one hour.

Mr. Fleming (Democrat) of Georgia, vigorously opposed the appropriation. He declared that he was opposed to subsidies, and that he did not believe

Yankee colonies with the stars, and stripes floating from their masts. The cartoon is written in a good humored tone.

HAVANA, VIA KEY WEST, FLA., March 19.—News has just reached this city from Havana, that the government of the United States has just received a letter from the Cuban government, dated March 18, 1920, in which the Cuban government has requested the United States to withdraw its troops from Cuba.

At last Mr. Brownell yielded to his persistence, and Mr. Skinner declared that he had never supported the proposition to appropriate \$10,000,000 for the purchase of mail matter. He said that he had never supported the proposition to appropriate \$10,000,000 for the purchase of mail matter.

Mr. Skinner expressed his regret if he had insisted his colleague's position, but he said the general rule suggested that Mr. Skinner had formerly suggested this amendment.

A few moments later Mr. Brownell (Republican) of California, bitterly assailed Mr. Simpson for supporting a subsidy to the people of the South.

The House seemed to enjoy the recitation of the points made by Mr. Simpson. After the recitation of the points made by Mr. Simpson, the House adjourned.

Mr. Henry (Democrat) of Mississippi, claimed the floor as a question of personal privilege, and said to the clerk to read the bill. He said that the bill was a measure of the people's money, and that it was a measure of the people's money.

Newport News.

There's an Earnest Vein

Running through all our advertising. Up-to-date shop-keeping is an earnest business. Slap dash, happy-go-lucky, win or lose methods don't go here; there's too much at stake. It takes something better than buncombe to gain and retain the confidence of a community. We're building business here out of materials that will last. We've said it before and we can't say it too often: Honest goods; honest prices; honest service. Solid stones these in the foundation of any business. On such a basis does this business rest.

Now for the New Goods.
